## Headteacher's Comments

Explorers have been making habitats as part of their animal topic

Dear Parents and Carers,

School has been very busy this week. Year 2 have been completing their SATs. We are very proud of them and know they have tried their best. Well done Year 2.

This week, the Explorers have been busy continuing looking at their animals topic, focusing on safari animals this week. They have been reading the book 'Handa's Surprise'. The children have written book reviews, explaining what they like about the book.

KS2 have been working hard, they are enjoying their art topic- making intricate paper flowers. They are beautiful. They have also been writing biographies about famous people. The children have found out some amazing facts about some very inspirational people, including; the Pope, Rosa Parks and Queen Elizabeth II. Well done KS2, I can't wait to read your finished pieces.

On Wednesday we welcomed Sim from the Lakes Comic Art Festival into school. Sim worked with each class and was very impressed with the children's creativity. The children explored a variety of comics and texts and designed their own doodle book marks. They have also started our whole school project, which will form our window for the Autumn Comic Art Festival trail in Bowness. We are so excited to be part of this project again.

Next week, our Year 6's are meeting teachers from their secondary schools. We are sure they will be super impressed with the children.

On Monday, KS2 are welcoming United Utilities into school, to run a water session. We are sure the children will find the session very beneficial and learn lots of ways to save water.

Please remember school closes next Friday for May half term, Enjoy the weekend,

L. Bone
